

Technopia / Technological Utopianism

* Welcome to LambdaM00! *

Running Version 1.8.3+47 of LambdaM00

PLEASE NOTE:

LambdaM00 is a new kind of society, where thousands of people voluntarily come together from all over the world. What these people say or do may not always be to your liking; as when visiting any international city, it is wise to be careful who you associate with and what you say.

The operators of LambdaM00 have provided the materials for the buildings of this community, but are not responsible for what is said or done in them. In particular, you must assume responsibility if you permit minors or others to access LambdaM00 through your facilities. The statements and viewpoints expressed here are not necessarily those of the wizards, Pavel Curtis, or Roger Crew, and those parties disclaim any responsibility for them.

NOTICE FOR JOURNALISTS AND RESEARCHERS:

The citizens of LambdaM00 request that you ask for permission from all direct participants before quoting any material collected here.

For assistance either now or later, type 'help'.
The lag is low; there are 67 connected.

The WELL, one of the first virtual communities or “social media sites,” created by Stewart Brand and Larry Brilliant.

Hafner plumbs The WELL

Katie Hafner's **The Well: A Story of Love, Death and Real Life in the Seminal Online Community** is a history of this place. Do you see it her way? Do the people she wrote about? Visit Inkwell.vue, where you don't need a password to dip into The WELL, and find out more about this latest from the fascinating author of **Where Wizards Stay Up Late**.

Gottlieb gives us the skinny

How did an anorexic girl grow up to

Words From the Plumage Conference:

(posted by obizuth)

hell trip to satanic Ikea yesterday. we had a car for the weekend, and thought that if we went at 10am (opening time) it would be not so beelzebubbian. WRONG. ...

Technotopia / Technological Utopianism

Stewart Brand also created the “Whole Earth Catalog” in 1970 after advocating for NASA to release satellite images of the Earth from space. The belief was that this perspective might change the way we see our human relationship to the world.
