

+ addition

—

subtraction

* multiplication

+ + increment

Shorthand operations

Let $y \neq 5$ is the same as $y = y + 5$

Operations and Operations

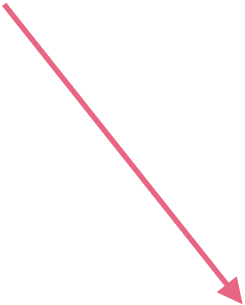

Math Operations

operator

perand

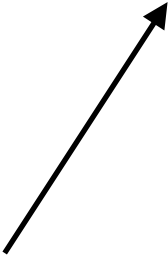

let $x \equiv (10 + 10) / z;$

Math Operations

Operations and Operands

+ addition

- subtraction

* multiplication

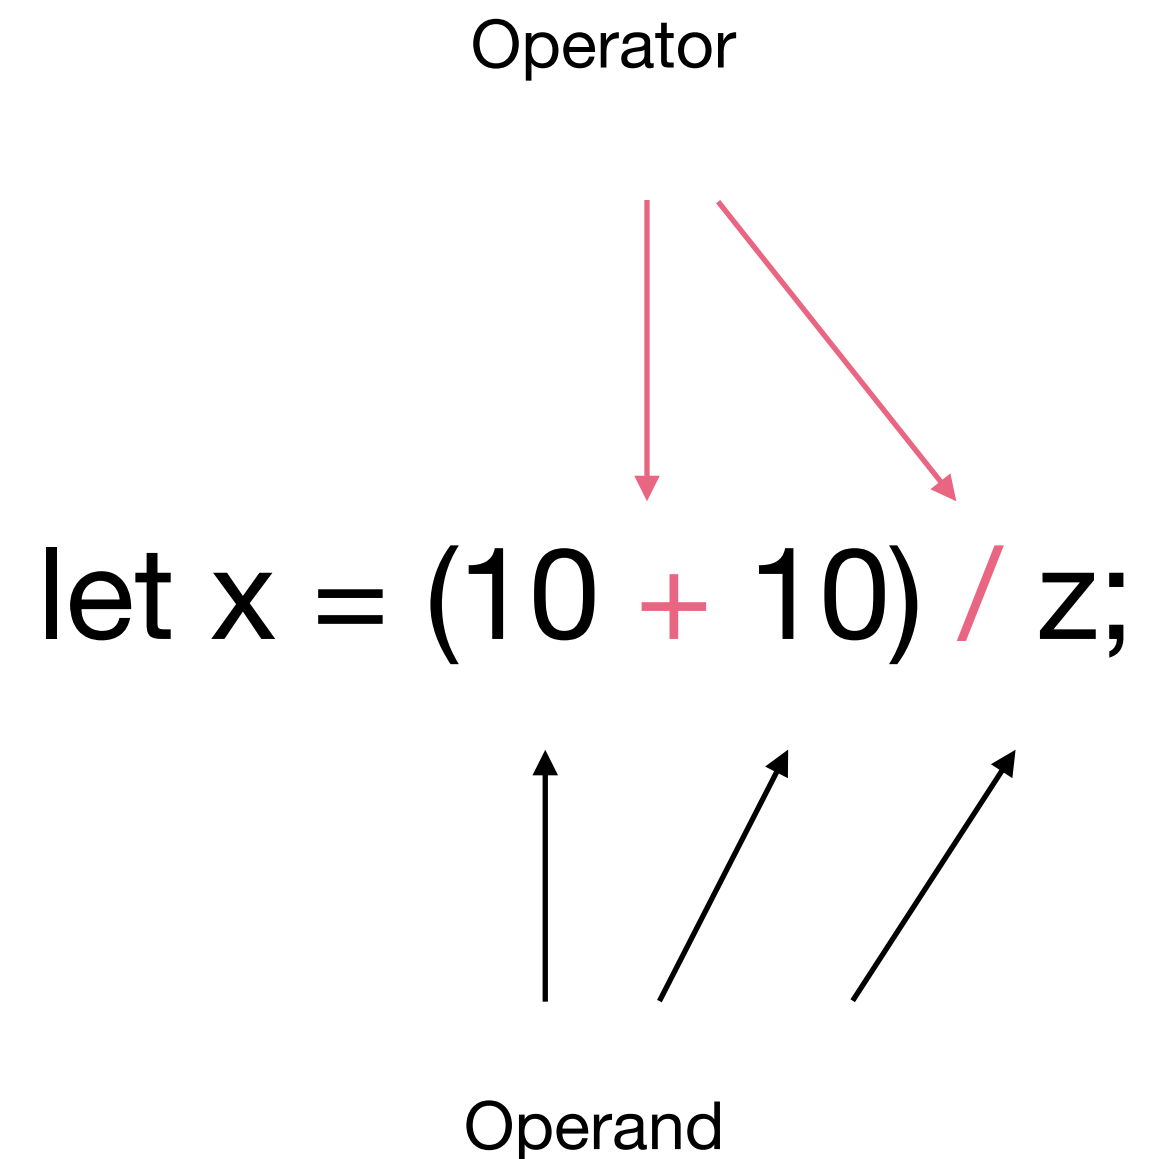

/ division

++ increment

-- decrement

Shorthand operations

Let $y += 5$ is the same as $y = y + 5$

For Loops

Iterating Outside of Time

```
for (let i = 0; i <= 5; i++) {  
  console.log(i);  
}
```
