# Pathways to access files

# Review: what are these called?

The diagram illustrates the components of a CSS rule. It shows the text `p { color:red ; border:1px solid blue ; }` with four red rounded rectangular boxes highlighting specific parts. An arrow points from the top of the first box (containing `p`) to a light gray box above. Three arrows point from the bottom of the second box (containing `color:red`) to a light gray box below. The boxes are: `p`, `{`, `color:red`, `;`, `border:1px solid blue`, `;`, and `}`.

```
p { color:red ; border:1px solid blue ; }
```
